

Online concussion testing. Please use the link provided:

<https://www.impacttestonline.com/customercenter/>

Login Screen

**LOGIN (Email): gcurtiss@isd1.org**

**Password: Gobblers1!**

Second Page should say: Welcome Gloria Curtiss

This will be the page that is used to "launch" the test.

**Click on the "START NEW TEST" button**

If you have taken a baseline concussion test in the past (for a previous years' sport), please select the option:

**Previously tested – Search by last name**

Please use this option: enter your last name and "search" You will see your "record" come up on a drop-down selection – please select your record. Once you make that selection then you use the "Launch Baseline Test" option. Remember to complete the entire test at one time, it will not let you "save" and go back to the test later. This is NOT a pass/fail test, it just gives us a point at which you are at today. The test usually takes 1/2 hour to 45 minutes to complete.

**First time test takers:**

Select the organization for the test:

SELECT: **Aitkin Public Schools**

Then make the selection: "Launch Baseline Test". This will step you through a series of questions – name, date of birth, etc. After all the personal information has been entered then the test will start automatically.

**YOU DO NOT NEED TO PRINT ANY RESULTS.**
