“A community in continuous pursuit of educational excellence for all”

Dear Parents/Guardians,

Infinite Campus announced it is switching payment processors for all online payment functions in the Campus Portal. We have chosen to make the switch on 5/4/2021. This will have minimal impact to you. However, any payment methods you've set up for your credit cards or eCheck accounts will be deleted to ensure the security and confidentiality of your data. After we make the switch, you will be asked to re-enter your payment methods into the Parent Portal.

Any Recurring Payments you may have set up (if you intend to continue making payments this way), will also need to be updated to use the new payment methods you create. There are no other changes in the way you will experience online payments. The instructions below will walk you through the process of setting up your payment methods and updating you recurring payments.

This change will improve financial reporting efficiency for the district, as well as the support experienced by district staff when researching reported issues.
