

Emergency Broadband Benefit

Starting Wednesday (5/12/21) low income families will be eligible for a \$50/mo reduction in their cost of broadband if they utilize a participating provider. (Most MN providers are participating).

Participation in the NSLP (Free/reduced priced lunch) program is a qualifying indicator for the FCC EBB program (there are many other ways to qualify).

Consumers should visit www.getemergencybroadband.org or call the toll free number 833-511-0311 specifically for information about the application.

If you qualify for Free/reduced lunches you qualify for this program.

If you have not applied for those benefits and you now want to apply for Free/reduced benefit you can do so by going to the school website and clicking on Lunch Menus and following the steps listed for Free and Reduced Meals application found on the right hand side of the page below the Rippleside menu.
