

# Federal Requirements

Under federal law, all Title I programs are required to be able to provide the following information and meet the requirements below:

- Provide data and keep all stakeholders (including parents) informed about Title I programs.
- Provide information to parents about student assessment and performance on statewide assessments.
- Provide information to parent about staff, their qualifications and assignments.
- Have a plan in place to help facilitate parent involvement with the Title I program.
- Collect parent feedback about the programs and activities of the Title I program.
- Distribute compacts/parent notification to all parents/students.
- Have an accurate accounting system in place to track all Title I expenditures.
- Supplement but do not supplant core curriculum.
