

Rippleside Elementary

Parent Class Placement Input Form 2019-2020

One of the most important tasks this time of year is generating class lists for student placement. It is a task that we take very seriously, focusing on the creation of balanced, well matched learning environments. One aspect of this planning is parent/guardian input since you know your children well and in a different setting. We value your input and the information which will assist us in our careful considerations. We ask that you do not specify particular teachers, as we base our placement on instructional criteria and individual student's strengths and social and emotional needs.

A form should be completed for each student, please return to student's classroom teacher by March 28, 2019.

Student Name:	
Current Grade: <input style="width: 50px; height: 20px;" type="text"/>	Current Teacher:
Parent/Guardian (printed)	
Parent Signature:	
Please include information in the areas below that you feel might be helpful for the school team during our class placement process:	
Social and Peer Relationships:	
Personality Traits:	
My child does best in a classroom that:	
Organizational Skills:
