TO: Parents/Guardians of Students in Grades K-12

RE: Infinite Campus Parent Portal

To assist parents in monitoring their children’s progress, enhance communication with parents and further promote educational excellence, the Aitkin school district is pleased to provide access to student information to parents/guardians through the Parent Portal. The Parent Portal is available through our student information management system, Infinite Campus. Through the Portal, parents will be able to view schedules, attendance, grades, assignments, immunizations, and lunch account information for students in grades K-12, along with school specific and district-wide announcements. The Parent Portal is available to parents/guardians anytime and anywhere that an internet connection is available. Students in grades 6-12 will also have their own account that will allow them to see only their own data.

Parents/guardians of students in grades K-12 may request an activation key to set up their Portal Account. User accounts are provided on an individual basis. Each parent/guardian must request his/her own user account by completing the “Parent Portal Activation Key Request” form available online at www.isd1.org or in the principal’s office at either building. This requirement is to protect the privacy of student(s) records. Aitkin Public School reserves the right to deny or cease access to the Parent Portal due to court order or any other legal proceedings that limit the availability of private educational data.

For more information, please login to the Aitkin Public Schools website. Questions not addressed there may be directed to Sheri Sanbeck at 218-927-7121.
